

How To Read Tab

TAB lines show the 6 strings of the Guitar

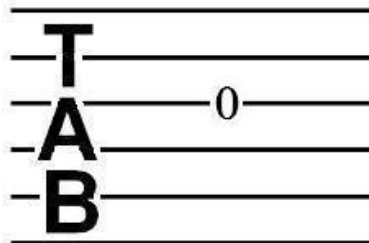

“0” at the top means play the **smallest** string

“0” on the second line means play the 2nd smallest see through string

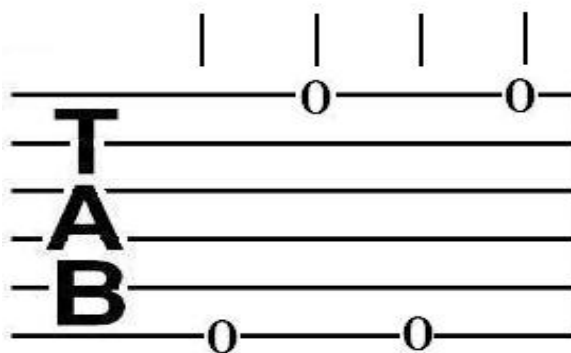

“0” on the third line means play the 3rd smallest see through string

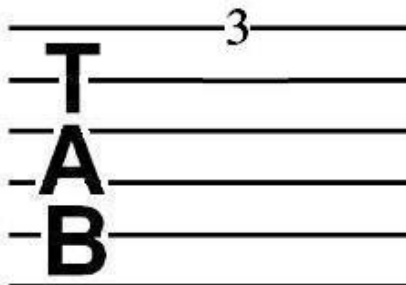

“0” on the bottom line means play the **biggest** string

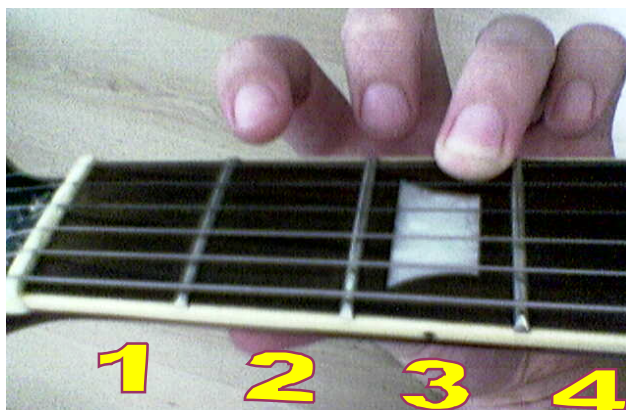

This means play the biggest then smallest one after the other

The TAB NUMBER shows where to press with your left hand

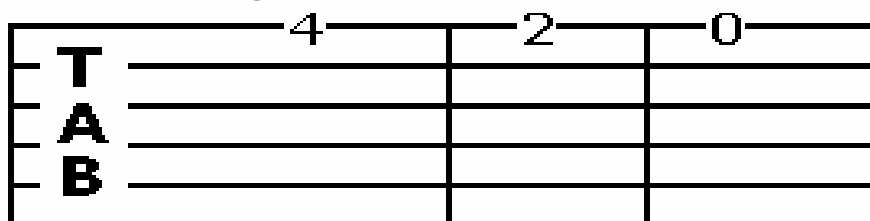

The "3" means press in the 3rd gap up on that string

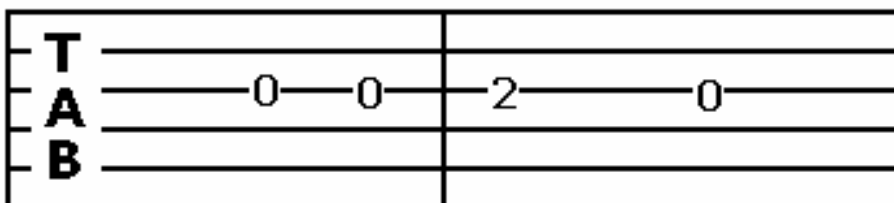

We can make melodies with one note after another...

Smallest String:

Three Blind Mice

Third Smallest String:

Hap - py Birth - day

We can play **CHORDS**, strumming down on more than one string with the right hand:
